Welcome to **Agency 22**. You have been selected to participate to the new campaign 'Gordon

Ramsay Food Truck': he wants to open a new food truck in New York City during the

Street Food Festival but he has not taken any decision yet. Will he work with our

company? To convince him, you will spend two weeks in New York City to find

inspiration. In two weeks, you will present your project: the presentation of his future food

truck. The intern who will present the best project will be hired as an official member of our

team. **GOOD LUCK!**

→ **Final task:** Make a leaflet to present Gordon
