**Productions possibles:**

*This document is an animated video clip from SOS 112.be. It is part of an awareness campaign addressed to children in Belgium, and everywhere in Europe. It explains when and how to use the emergency number.*

► *The song and the repetitions of the number "Dial 112" in the chorus make it easy to remember so it is a very efficient awareness campaign! The illustrations are clear and easy to understand too. (.../...)*

**Point culturel + encart à coller dans le cahier avec refrain à compléter:**

In the 112 kids film, a young rapper tells the story of Freddy. This story has been inspired by a 6 year old Belgian boy, Shayan. This brave little guy saved his mom, because he knew how to dial the emergency number 112. <https://www.youtube.com/watch?v=zKwgUHrw9ZY>

**Extracts from the lyrics:**

Here's a little story about a kid called Fred. One day a bad thing happened, but he was ready.

He saved his mom's life 'cause he knew what to do. He just picked up a phone and dialed 112.

Chorus: To get help from a friend dial 112,

To be a life-saver, it's what you gotta do!
